

CORNER CORNER

CORNER CORNER

CORNER
CORNER

Welcome to Corner Corner, a vibrant hub where food, culture, and community come together under one roof. A collaborative project between Broadwick and KERB, the space brings together two industry leaders to create a new kind of destination for London.

Located in the heart of Canada Water, our 3000 sqm multi-use space is designed to inspire, connect, and celebrate creativity and collaboration.

Set on the waterfront and home to one of London's largest indoor vertical farms, the venue blends sustainability and innovation with flexible spaces for conferences, exhibitions, brand activations and immersive events.

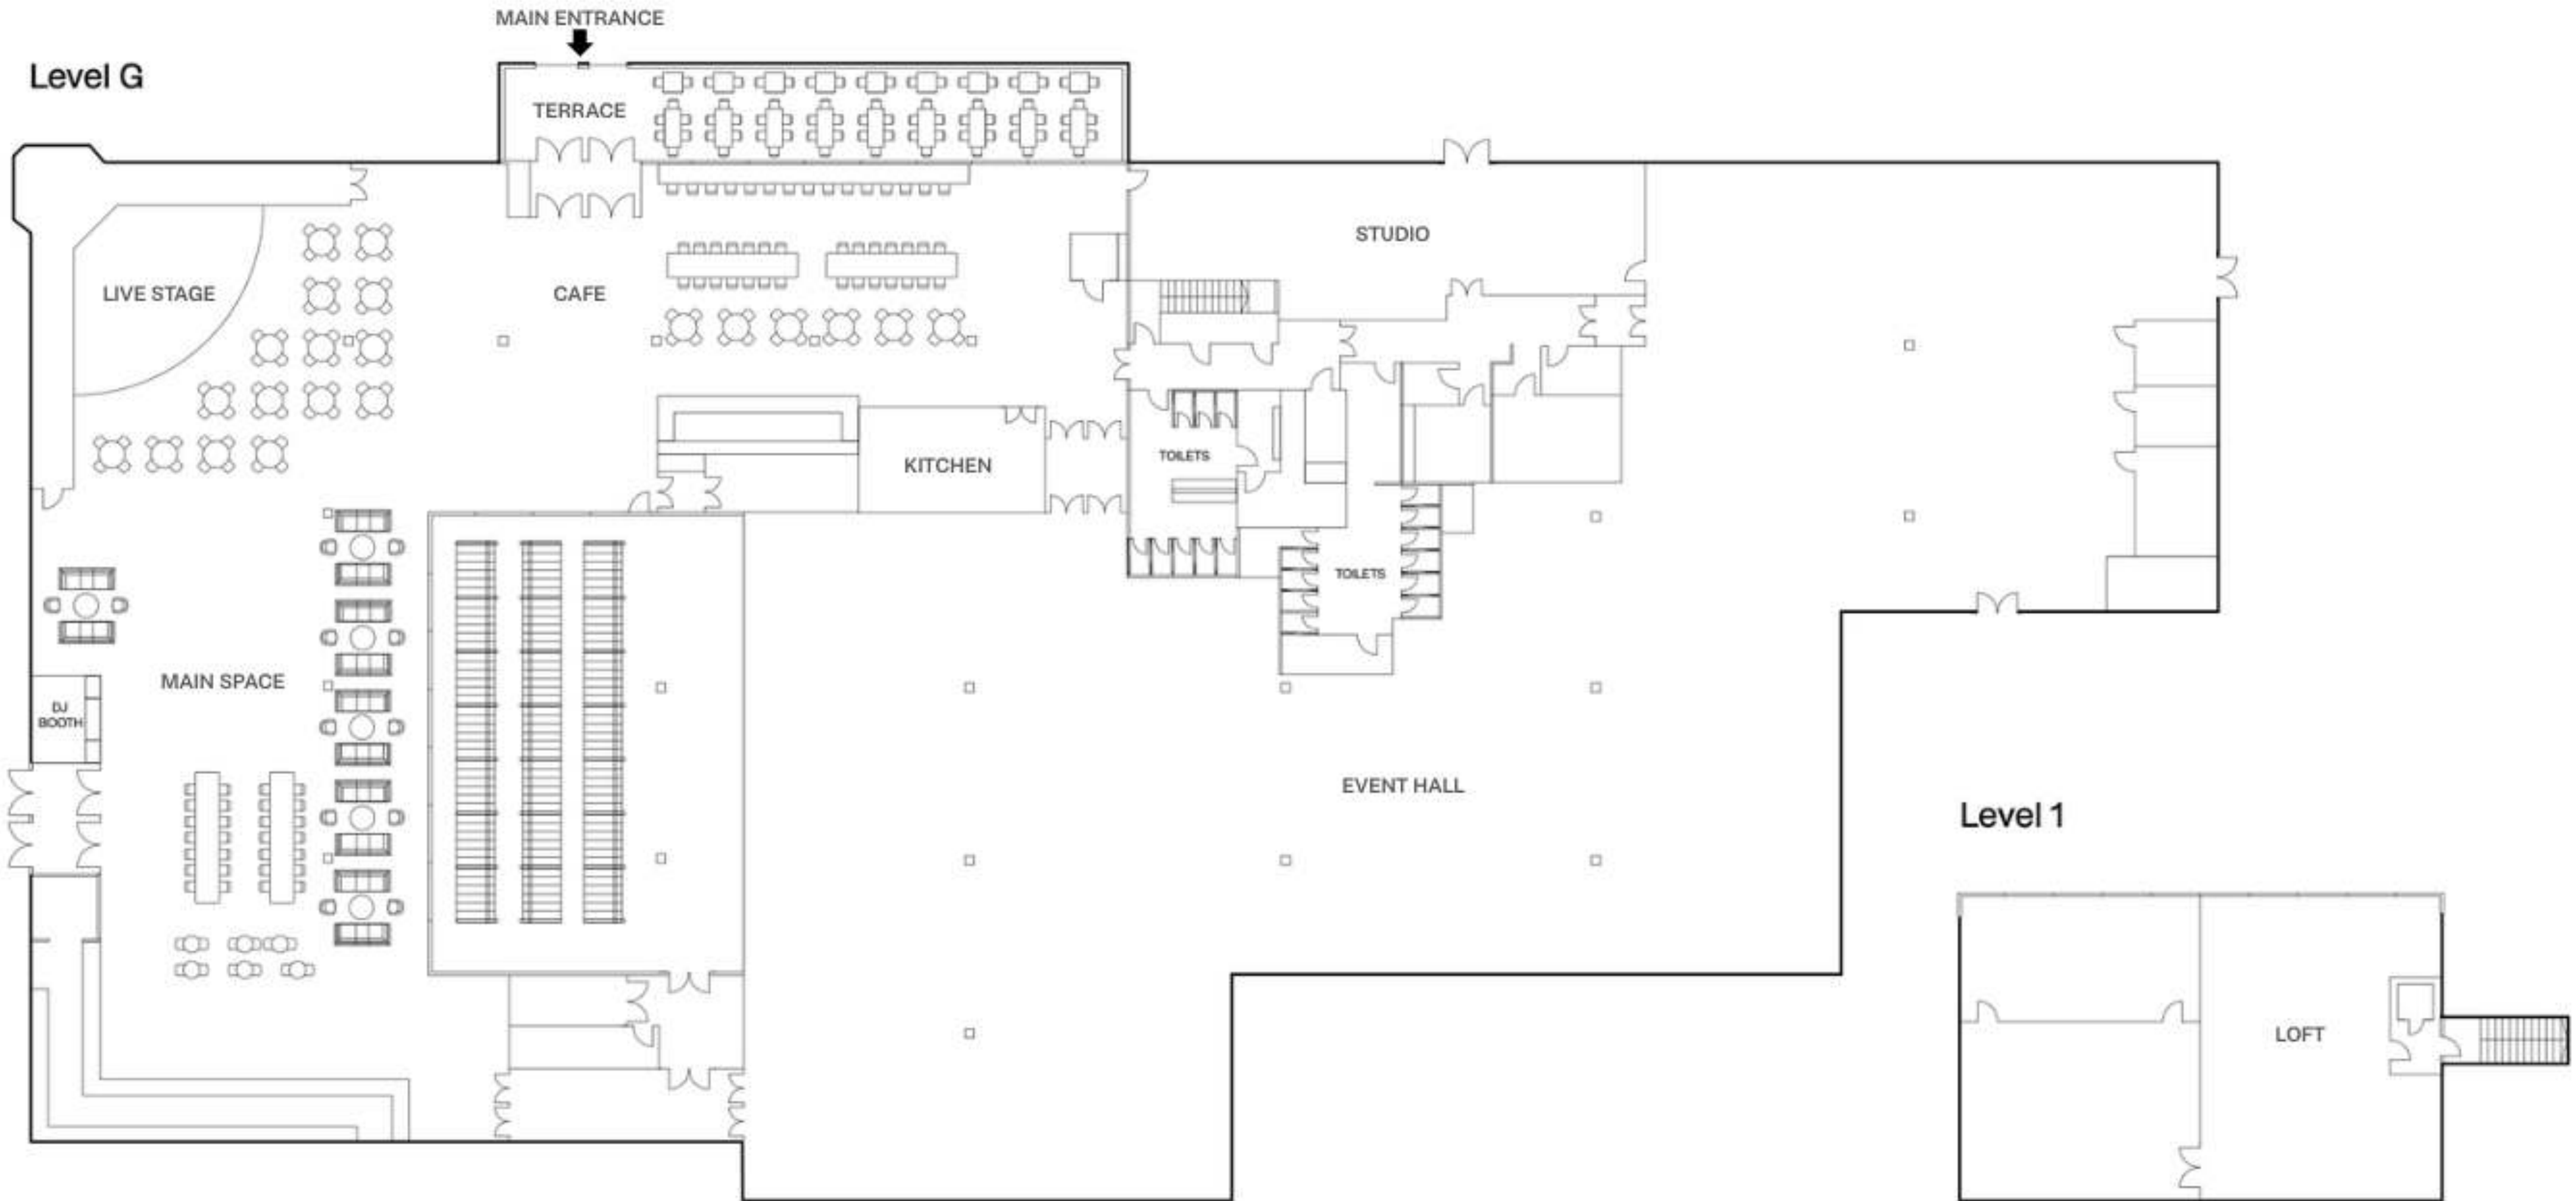

FLOOR PLAN

Designed to flow seamlessly between formal and social moments, our venues offer a range of configurations across the Event Hall, Food Hall, Studio, Loft, and Terrace spaces.

Event Hall

VERSATILE TO SUIT YOUR NEEDS

The Event Hall is a 1,698 SQM open-plan layout with an industrial-chic aesthetic, high ceilings and modern amenities.

This versatile space suits large-scale productions, conferences, brand activations, exhibitions, immersive experiences, and award dinners. With excellent access and flexible configurations, it's designed for impactful events that blend creativity with scale.

CORNER CORNER

Main Space

THE CORE OF THE VENUE

The Main space features our Café Bar, kitchens, live stage, large bar, communal seating and full technical integrations, offering unlimited possibilities for events.

The lighting, sound and configuration can be utilised to transform the space, from private smaller parties to exclusive hire. The Food Hall can host up to 800 people for receptions, award dinners, brand activations and conferences.

Terrace

WATER-SIDE VIEWS

The open-air Terrace overlooks Canada Dock and the new Boardwalk by architect Asif Khan, offering a seamless blend of nature and modern design.

The Terrace is ideal for alfresco drinks, networking and breakout sessions. Positioned in the heart of Canada Water's dynamic development, this versatile space provides a stylish yet relaxed setting amid London's newest waterfront destination.

CORNER CORNER

Studio

A BLANK CANVAS

The Studio is a flexible self-contained space that offers endless creative possibilities, making it easy to tailor the space to your specific needs.

A private and intimate space for up to 120 people with dockside views and ample natural light, it promises a hub where people can express, connect and collaborate. The studio is the perfect setting for celebrations, workshops, brand or corporate events that thrive on inspiration and imagination.

CORNER CORNER

Loft

A SPACE MADE TO ELEVATE

The Loft is an intimate, open-plan space for up to 143 standing, situated up the stairs above the Studio, with views of the Boardwalk and waterfront.

Its industrial, minimalist design provides a sophisticated setting for private gatherings, networking events, brand pop ups, and exclusive receptions. Flexible and adaptable, the Loft offers a unique space that balances privacy with the energy of Corner Corner.

CORNER CORNER

Introducing the Vertical Farm

One of London's biggest commercial indoor vertical farms, developed by Harvest London. Providing locally grown produce directly to the Food Hall while supplying restaurants across London, with a mission to build a sustainable, hyper-local food system.

At Corner Corner, we farm in a controlled environment, providing our crops with the exact mix of light, water, nutrients and humidity that they need to thrive. This allows us to grow produce year-round, with no pesticides, reducing waste at every step.

Enhance your event and include a farm tour, starting from £20 per person. Allow your guests to see where their food is coming from first hand, with ingredients going from farm to customer in just four hours.

Catering

CATERING TO EVERY OCCASION

Food is at the heart of the Corner Corner Experience. Choose from thoughtfully crafted menus or collaborate with our team to create a bespoke catering package tailored to your guests' needs. KERB have curated a selection of London's finest street food operators, offering a diverse mix of dishes and cuisines - all selected for quality, variety, and style.

Whether planning a three-course seated dinner, a grazing-style lunch, or a full-venue canapé reception, our flexible approach ensures a seamless culinary experience.

In-house production

Vibration Production is our exclusive in-house production partner, supporting all event production requirements.

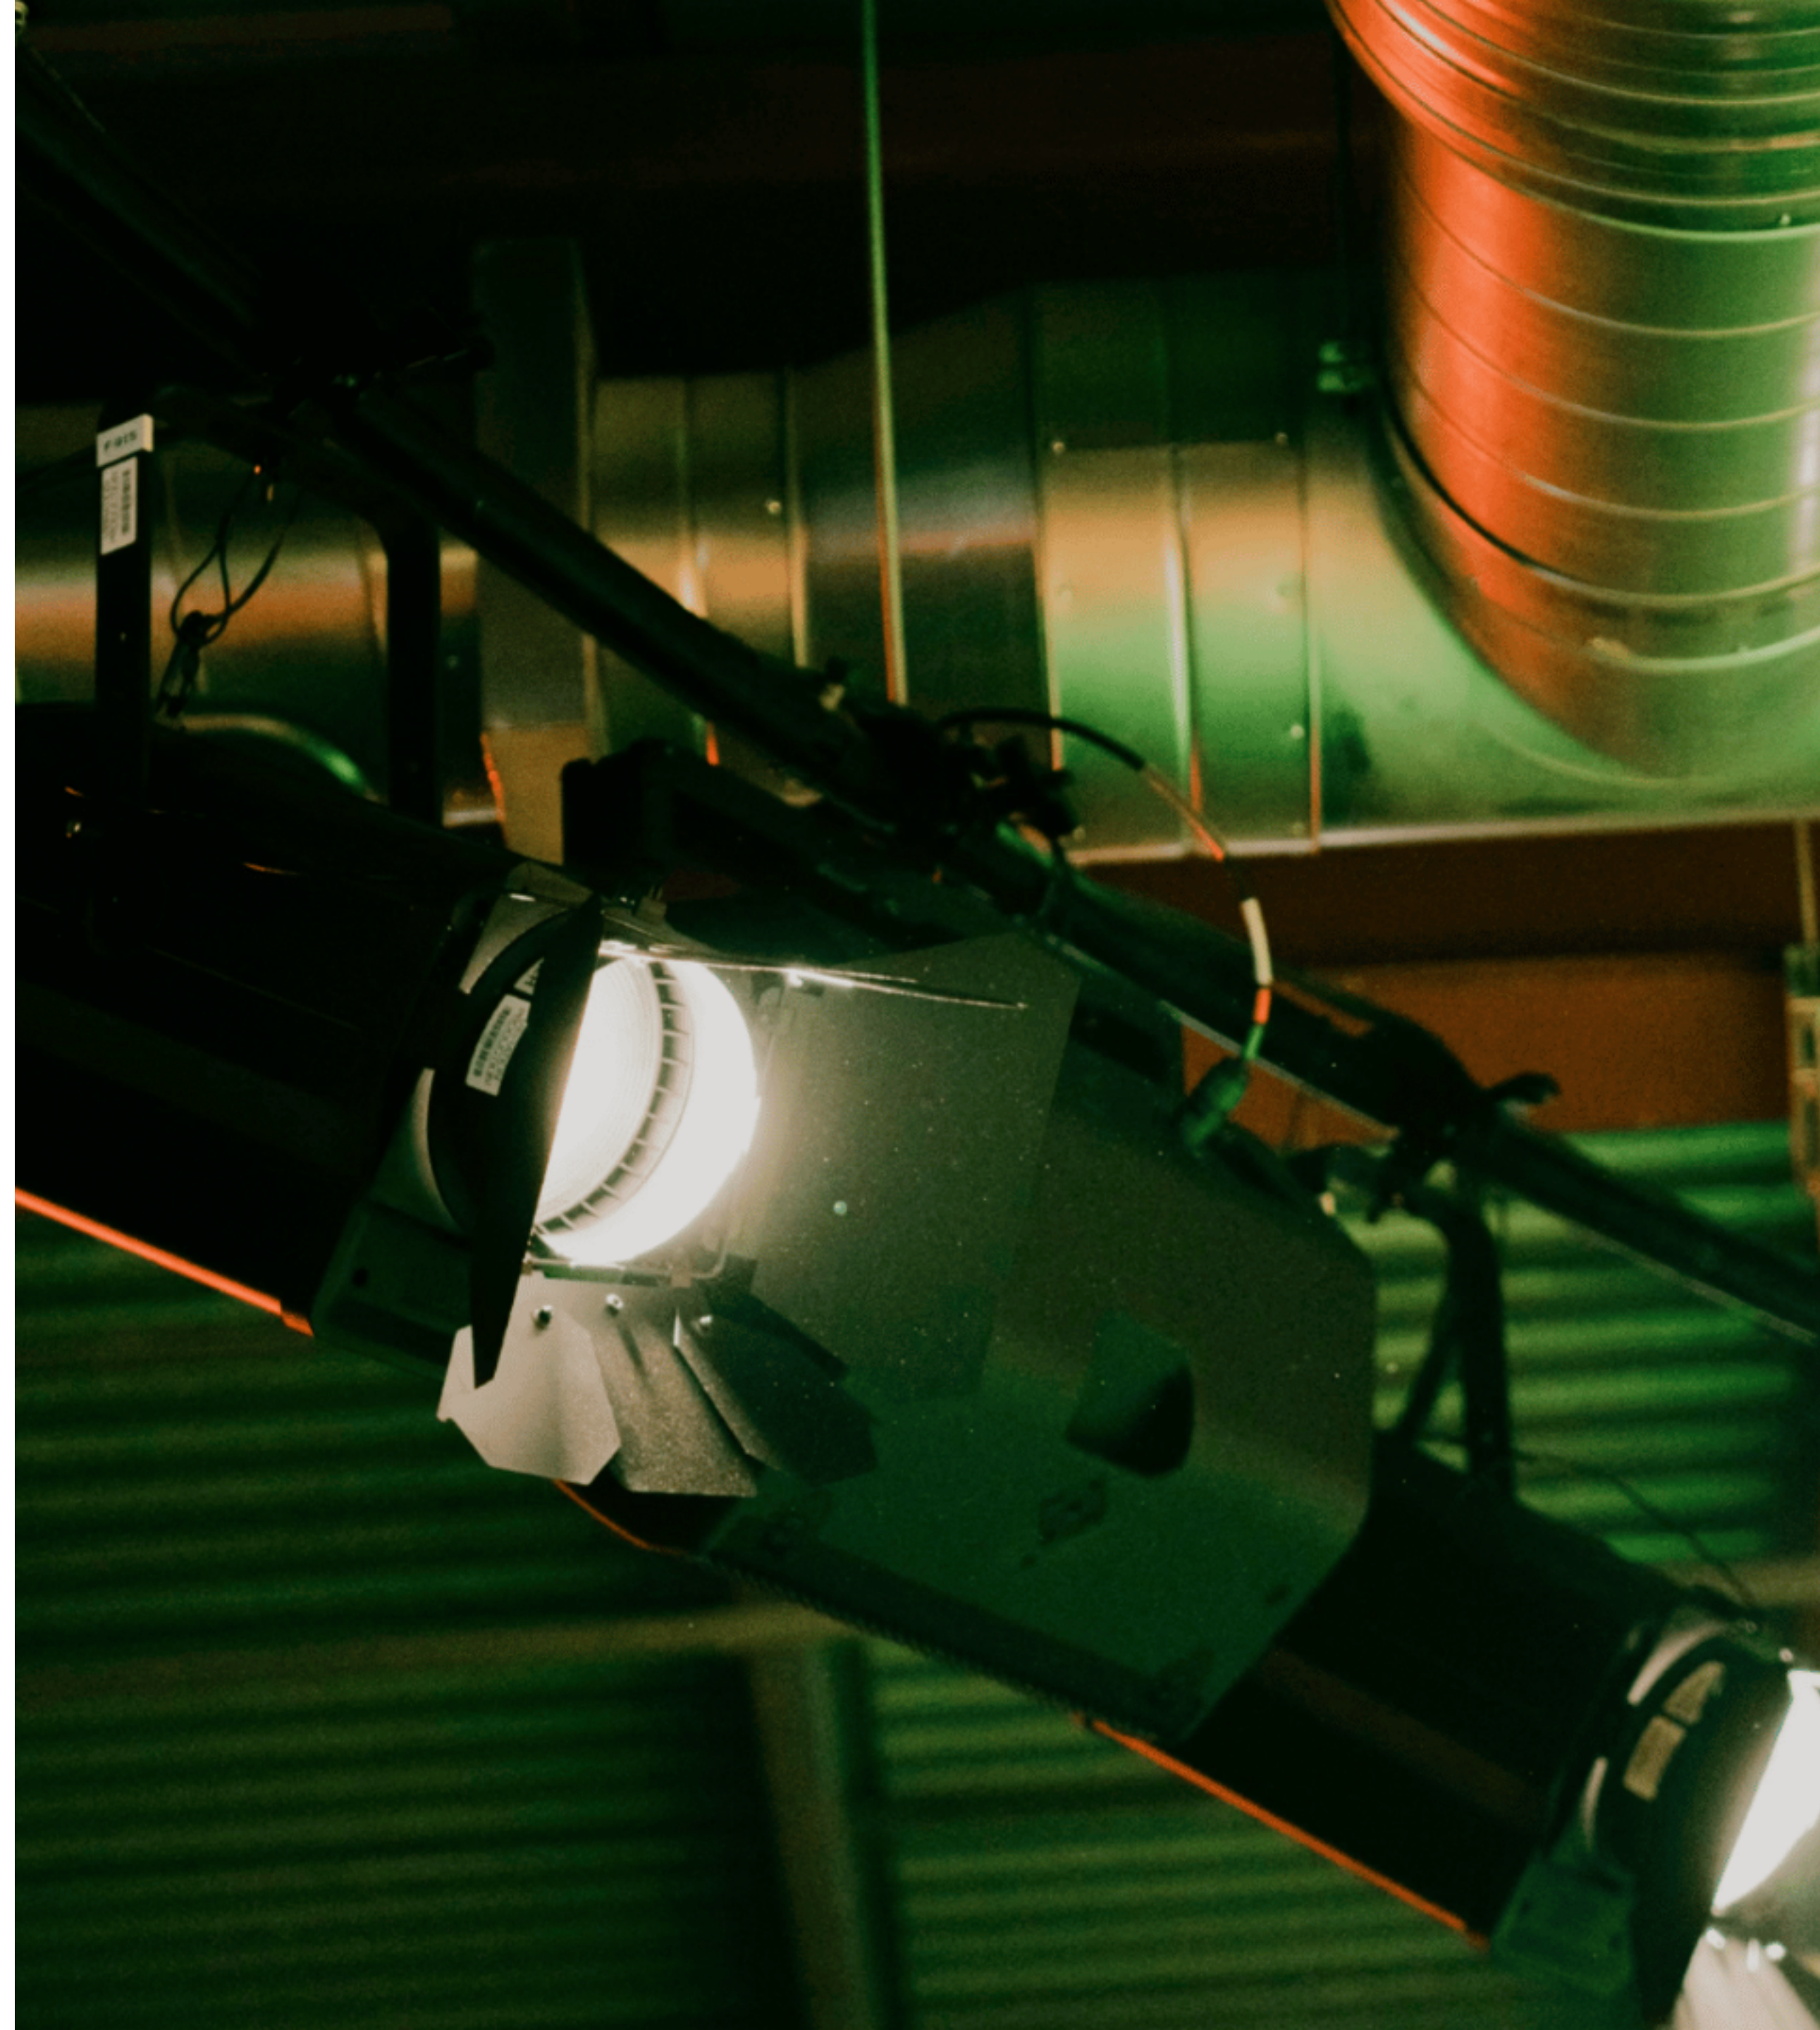

Corner Corner is equipped with high-spec permanent audio, lighting, and AV systems that accommodate everything from live jazz to full DJ sets while remaining discreet and cohesive with the venue's natural, industrial aesthetic.

With extensive expertise in technical production, decor, furniture hire, and total show management, Vibration Production ensures events run smoothly from concept to delivery.

CORNER CORNER

Location

IN THE HEART OF CANADA WATER

Corner Corner sits in one of London's most well-connected and rapidly developing neighbourhoods. Nestled between the green spaces of Southwark Park and the vibrant dockside, it benefits from excellent transport links.

ADDRESS

Corner Corner, Maritime Street, Canada Water, SE16 7LL

UNDERGROUND

Corner Corner is a two minute walk from Canada Water station (Zone 2) via the Jubilee Line. Ten minutes from London Bridge and Waterloo stations.

OVERGROUND

Surrey Quays, Rotherhithe and Canada Water stations all connect to the Overground network. Trains from Surrey Quays to Whitechapel take less than ten minutes.

BUS

Local bus routes include 1 (to New Oxford Street), C10 (to Victoria), 47 (to Shoreditch), and 188 (to Russel Square).

CYCLING

A cycle route roughly following the Jubilee Line from Canada Water to Blackfriars is designed to be a 'Quietway'.

BOAT

There are two Thames Clipper River taxi services - leaving from Greenland Dock and Hilton Docklands.

Thank you.
